

EDUCATION

Sri Eshwar College of Engineering	B.E CSE(CYS)	CGPA: 7.40(upto 3rd Sem)	2024-2028
SBK Girls Higher Secondary School	HSC	75.16%	2022-2024
Devangar Girls Higher Secondary School	SSLC	89.4%	2021-2022

INTERNSHIP

FULL STACK WEB DEVELOPMENT (MERN + AWS) – RAMPeX 2025

Built and deployed full-stack MERN applications with AWS integration, developing RESTful APIs, authentication, database operations, and responsive React UIs. Managed cloud deployment and scalability to deliver secure, production-ready solutions.

TechStack : MongoDB | Express.js | React | Node.js | AWS (EC2, S3, IAM)

PROJECTS

Emoji to Text Converter 2025

Built a text processing tool using the emoji library to identify and convert emojis in user input into their corresponding text descriptions. Enhanced readability and enabled further text analysis by replacing emojis with meaningful keywords. Demonstrated skills in Python scripting, string manipulation, and third-party library integration. Tools Used: Python, Tkinter, MongoDB (optional)

Student Session Planner 2025

Designed and developed a Student Session Planner application to help students plan and manage their study sessions effectively. Included features for creating session schedules, viewing planned sessions, updating session details, and tracking progress. The application provides an easy-to-use interface for better time management. Demonstrated good understanding of application design, logic building, and problem-solving skills.

Automated Threat Intelligence using NLP 2025

Designed and developed an Automated Threat Intelligence Extraction system using Natural Language Processing (NLP). The system analyzes text data to identify and extract security-related information such as threats, vulnerabilities, and attack indicators. Implemented text preprocessing and NLP techniques to improve accuracy and automation. Demonstrated understanding of cybersecurity concepts, NLP fundamentals, and data analysis.

CERTIFICATIONS

Completion of C,C++ training Spoken Tutorial Project at IIT Bombay	2025
Introduction to Cyber Security CISCO Networking Academy	2025
